# Schools' Outreach Programme 2019-2020

Hands-on outreach sessions for schools centered around our extensive handling collection. On offer while the museum is closed as part of a transformational re-development project,

*Unlocking the Geffrye.*

THE GEFFRYE  
MUSEUM OF THE HOME

# Schools' Outreach from the Geffrye Museum

Our handling collection contains objects found in the home over the last 400 years and can be used to support classroom based learning across the curriculum at all key stages. Our objects sets can be combined to explore home life at different periods throughout time as well as themes including heating and lighting, communication and technology and style and design in the home.

## During your tailor made handling session pupils will:

- Handle real and replica objects from the past
- Explore what home life was like in the past
- Develop practical historical enquiry skills
- Develop speaking and listening skills, sharing their own thoughts and ideas
- Work together in groups to observe and record objects from the collection

All sessions are delivered by experienced museum facilitators.

## What we offer

Choice is important, so we have created a way for you to build your own handling session using our collection to ensure our outreach visit best reflects your school's curriculum.

**Design your own session!**

Select up to 5 of the object sets from below to create your tailor-made object handling session

\*We will aim to bring as many of these objects into your school as part of your facilitated outreach session
